

# Faith Alliance Website Access for Mobile Devices

## Note

Activity/download speed depends on your device and web connection.

## TIP

Options and screens vary with different phone models and software versions - the graphics shown here may not be exactly what you see on your devices.

## Go to the Faith Alliance Website

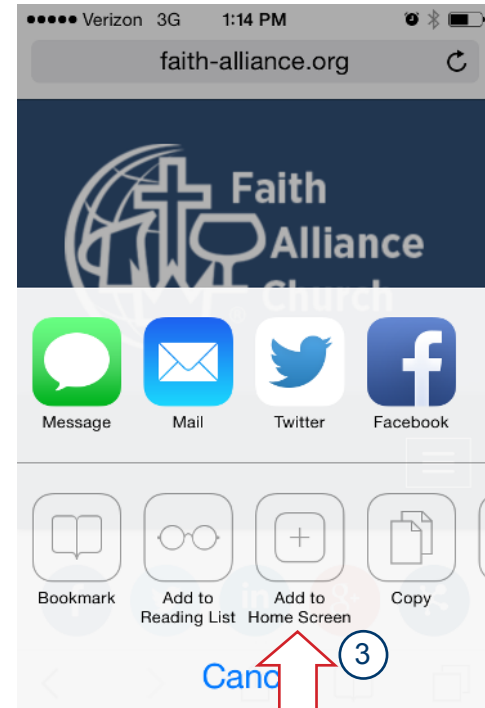

- 1) From [www.faith-alliance.org](http://www.faith-alliance.org), scroll down to your desired area.
- 2) Select your chosen area.

## TIP

If your device only offers the “add a bookmark” option, do that and then press and hold the bookmark to create an icon on your home screen.

## Add a button on an iPhone

- 1) Select desired web page.
- 2) Select appropriate open prompt (varies - “Open in Safari”, etc.).
- 3) Select “Add to Home Screen”.
- 4) Adjust button text description as needed.

## Add a Technical Library button (Android)

- 1) When on the desired web page, select three-dot symbol.
- 2) Select “Add bookmark/shortcut to home screen” (descriptions vary).
- 3) Adjust button description as needed.
